Module Description

In order to complete the Master's Degree in Management, Technology and Quality it is necessary to write a Dissertation. Developing a Master's Thesis is one of the most creative challenges of the program as it provides the student with the opportunity to demonstrate that he / she has the ability to apply the knowledge gained in the Master's Degree Program and complete a research project on his / her own with the assistance of an Advisor. In addition, it provides the student with the opportunity to explore in depth a topic of interest by applying a rigorous, systematic and scientific approach to problem solving.

This is the second and last Module of the Master Thesis series.

Students will enrol either in ΔΤΠ701A and ΔΤΠ701B together in order to complete the Program in three (3) semesters, or in ΔΤΠ701A and ΔΤΠ701B separately in order to complete the Program in more than three (3) semesters.

Pre-requisite Modules

ΔΤΠ511	Principles of Management
--------	--------------------------

Co-requisite Modules

ΔΤΠ512	Fundamentals of Economics, Accounting and Finance
ΔΤΠ701A	Master Thesis I

Grading Scheme

Assessment Method	Percentage on Final Grade	Workload	
		Hours	ECTS
Dissertation submission	100 %	~500 - ~600	20
Total	100%	~500 - ~600	20

Grading Rules and Assessment methods

- Students are evaluated with 10 if they collect 100% of the possible grade.
- Students are evaluated with 9, if they collect 90% of the possible grade, meaning, $90\% \times 10 = 9$, etc.
- Passing rate: 50%
 - In case of the student Fails the course he / she will be evaluated with 0.

If a student gains a grade with decimal points, then it is rounded to the nearest half unit.
